Read this passage.

Three fish lived in a pond. Their names were Plan Ahead, Think Fast, and Wait-and-See. One day, they heard a fisherman say, "I will cast my nets in this pond tomorrow. I can see a lot of fish in it."

Plan Ahead said, "I'll swim down the river tonight!"

Think Fast said, "No problem, I'll think of something when he comes."

Wait-and-See said, "I'll just wait and see what happens!"

The next day, Plan Ahead had disappeared long before the fisherman came with his net. But Think Fast and Wait-and-See were caught!

Think Fast quickly rolled its belly up and pretended to be dead. "Oh, this fish is no good!" said the fisherman. He threw him back into the water, where Think Fast quickly swam away with a swish of his tail. But Wait-and-See ended up at the fish market.
